

# luscious lip gloss

## materials

- 60g powdered drink mix in colour/s of choice
- 30ml (2 tablespoons) solid vegetable shortening
- small plastic box or pill box.
- microwave safe container
- mixing spoon

Combine the drink mix and vegetable shortening in a microwave safe bowl. Stir to mix together.

Place bowl in the microwave and heat on high until mix is completely melted (30-40 seconds depending on microwave strength).

Once melted, give the mixture a quick stir. Pour the mixture into plastic container or pill box. Allow to cool. Wait until mixture is solid again before using.

**tip:** Decorate your lip gloss container. Create funky lids with different coloured gems and glitter.
